

## Màster de Meteorologia

Departament d'Astronomia i Meteorologia.

Facultat de Física.

Universitat de Barcelona

Avinguda Diagonal , 647

Barcelona

**" Large-scale climate modes of variability, teleconnections and predictability"**

**Professor Nate Mantua, University of Washington**

**Days: July 5 to 9, from 10h to 12h**

**Room: Seminar room, 7<sup>th</sup> floor**

***Day 1: Atmospheric teleconnections***

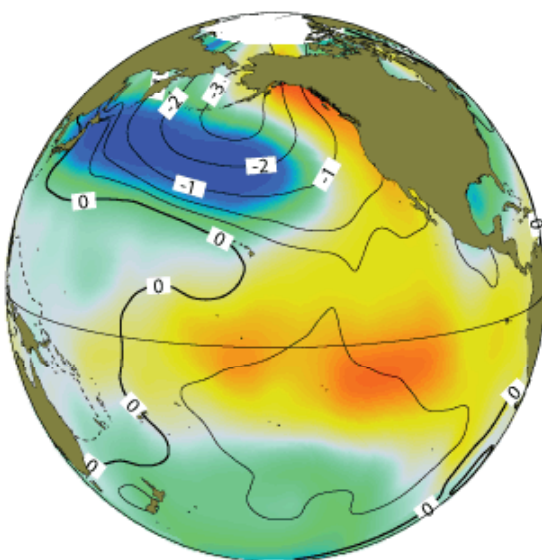

***Day 2: An in-depth look at the NAO and Arctic Oscillation***

***Day 3: Climate modes, ENSO***

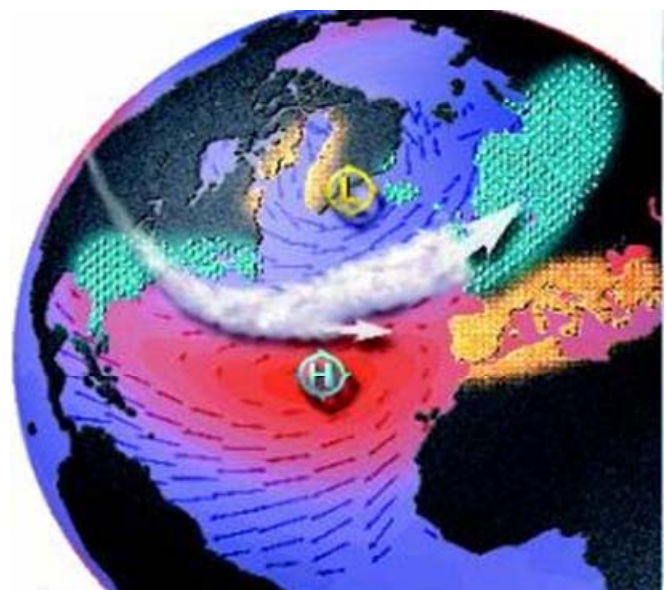

***Day 4: Decadal variability in the climate system: the PDO, NAO, and the AMO***

***Day 5: Potential predictability in the climate system (from ENSO, the PDO, and the AMO to anthropogenic climate change).***
